

Mr. Filipe Arena Recommendation Letter

Mr. Filipe Arena has been a valuable employee to Accenture since 2015 and a remarkable digital consultant in web (front-end) projects, developing, proposing solutions and designing architectures, taking advantage of his attention to detail on a daily basis. His people skills are excellent, and that became more evident when he helped train and develop other team members. I can say that he is a person that is never afraid to take risks as he is a self-starter that is always creating new solutions to solve the problems. I highly recommend him as a skilled professional and as a friend. Filipe is a talented worker and all his colleagues at Accenture wish the best for him.

If any additional information is required, please contact me.

Best regards,

Thiago da Silva Vilas Boas
